BMP Survey

The University of Florida/IFAS researchers at the SW Florida Research and Education Center would like to better understand Best Management Practices (BMPs) used by growers in your area. This survey asks questions about which BMPs you are using for different commodities. No names or statistics (including minimums, medians, or maximums) that might allow others to identify your operation will be published. *This survey is voluntary* and should take about 10 minutes to complete.

The survey is electronic and can be found at <http://gatorsurvey.com/> .

The access code is JFKSGG. The questions refer to the **2016-2017 calendar year.**

If you have any questions about this research project or how to complete this survey, please email Dr. Tara Wade at tara.wade@ufl.edu, (239) 658-3444. You may also contact Dr. Michael Scicchitano at (352) 846-2874, mscicc@ufl.edu.

Thank you in advance for your time and participation.
