Several Great Programs in Date Order:

Citrus Fruit Display and Tasting. November 14. 10 am. UF/IFAS Citrus Research and Education Center, Lake Alfred. The display will include some candidates to replace Hamlin (fruit and juice tasting), some new seedless and easy-peel mandarins, and some new grapefruit and grapefruit-like hybrids with improved disease resistance.

Citrus Soil Health Field Day - Fertility, Cover Crops, and Compost. November 15. 10:00 - 3:30. Ed James' and Ben Krupski's Groves, Howey in the Hills. Find out what these growers are doing and the research behind it. [Registration.](#)

Winter Weather School. November 19. 9:00 - 1:00. Lake County Extension Office, Tavares. Be prepared for what the ENSO Neutral winter might bring by attending this class for blueberries, citrus, and ornamentals. [Registration.](#)

Agricultural Finance Workshop - Growing Your Business Profits. November 18-19. Hillsborough County Extension. RSVP by Nov. 8. [Registration.](#)

4R Nutrient Stewardship Field Day. November 22 10-12:30. Jones Potato Farm, Parrish, FL. CCA CEUs. RSVP by Nov. 19. [Registration.](#)

Certified Pile Burner Class. January 15. 8:30-4:30. UF/IFAS Citrus Research and Education Center, Lake Alfred. Contact Chris Oswalt for details. wcoswalt@ufl.edu, 863-519-1052.

Do you use Paraquat? New Gramoxone

Regulations

New Gramoxone regulations start November 14, 2019. Mixers, loaders and applicators must have a RUP license and complete the EPA Gramoxone training at this [link](#). If you need to get a Private Applicator license quickly, Juanita is offering a review and exam on November 20. Please contact her if you need to take this review (limited seating).
